AUTOMATION NIGHT

October 2, 2003

PRESENTATIONS BY SAS AND YUSHIN

SAS will direct their presentation to EOAT components, gripper systems and their respective applications to any part, any robot and their effectiveness anytime and anywhere. visit www.sasgrippers.com for more information.

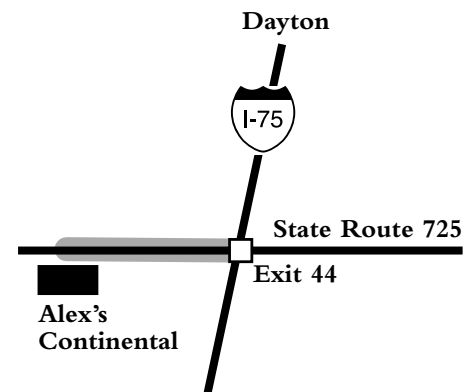

Yushin has selected Dan Boutell, Regional Manager, to be our Guest Speaker. Dan will focus his presentation on the following: Value Added Automation Capabilities Over and Above Robotic Part Removal, Utilization of Downstream Automation (i.e. Vision Systems, 6 Axis Articulating Systems, etc.) in conjunction with a standard cartesian Robot for Cost Justification of More Complex Manufacturing Cells. Visit www.yushin.com for more information.

There will be lots of information, demos and answers to your questions. Please attend and get your reservations in early.

New ideas, new technologies, new people... Bring an associate. Bring a student. Bring a new member. The more members we have the more fresh and new ideas we have. It only makes sense to nourish our section!

PRESIDENT'S MESSAGE

I would like to welcome all Miami Valley Members back to our monthly meetings. Our program committee has a great year planned, to be topped off, by our annual golf outing. Those that attended the Cincinnati Reds baseball game had a great time and saw a good game. The topic for our next meeting (November) is Barrels and Screws. This should be of interest to all members and I'm looking forward to a good turnout. At Alex's on Oct. 2nd come find out about Automation with Yushin and SAS.

You may want to mark your calendars for Saturday Dec. 6th for our planned Spouse/Date night at the Packard Auto Museum in Dayton.

Looking forward to a great year I will see you all at Alex's on Oct. 2nd.
